

BIG PICTURE THINKING!

Lets Win Awards for “The Best Jobs In The Worlḁ!”

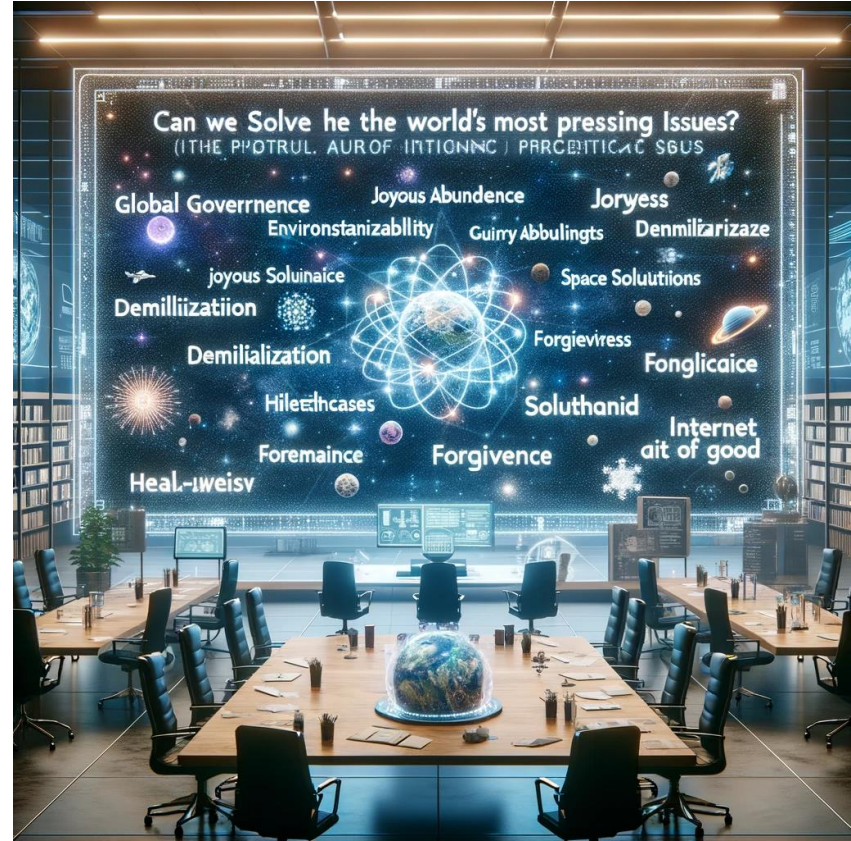

WHAT BENEFITS DO YOU WANT BUILT INTO THE FRAMEWORK?

- Generous vacation time
- Remote work options
- 20% time for personal interests
- Great health benefits
- Flexible hours
- Mentorship and encouragement
- Personal development
- High achievement recognition
- Environmental and social responsibility

CAN WE SOLVE THE WORLD'S MOST PRESSING ISSUES?

- Reimagine global governance
- Clean and replenish the environment
- Define Joyful Responsible Abundance
- Study space weather's effects on Earth
- Demilitarize conflicts and nation states
- Inspire forgiveness and reconciliation
- Cure illness and solve overpopulation
- Cure age related diseases and death
- Build an opt-in "Internet of Good"

ARE YOU INSPIRED TO REIMAGINE GLOBAL GOVERNANCE?

- Aura Of Intelligence XR Aura for AI LLM's
- Gamify Democracy~>Responsible Abundance
- Virtual Reality and Mixed Reality Simulations
- Quantifiable Verifiable Moral Reputations
- True Meaning Language Transliteration
- Extended Intelligence Algorithms
- Quantum Superpositioning of Virtual Minds
- Intelligent Wearable Computers
- Millionaire & Billionaire Aura of Intelligence

READY TO CLEAN AND REPLENISH THE ENVIRONMENT?

- Responsible clean energy
- Power consumption efficiency
- Gather and repurpose pollution
- Filter waterways and potable water
- Expand development of new ecosystems
- Expand environmental ecosystem sensors
- Responsibly increase density of ecosystems
- Ultra high density, in-home food computers
- International collaboration & open research

HOW TO GROW JOYOUS VIRTUOUS RESPONSIBLE ABUNDANCE

- Evolving collaborative questionnaires
- Virtual reality simulations
- Environmental feedback
- Community services
- Automation
- Entertainment maps
- Healthy food computers
- Global resource management
- Reputation framework for world travel

DO YOU UNDERSTAND SPACE WEATHER EFFECTS ON EARTH?

- Predicting earthquakes & volcanic eruptions
- Solar storm effects on power & communication
- Star water & elements of an electric universe
- Space debris, near Earth asteroids & comets
- Earth spots, sunspots and the ionosphere
- Coronal holes and cosmic rays
- Space weather influence on humans
- Space weather influence on human emotions
- Space weather influence on interstellar travel

COULD WE DEMILITARIZE CONFLICTS AND NATION STATES?

- Personnel define joyful responsible abundance
- Map locations used in conflict and training
- Offer alternative civil uses for these spaces
- Visualize skills transfer maps of civil society
- Visualize personnel transition to civil society
- Enhance natural disaster mitigation strategies
- Aim to speed recovery from natural disasters
- Collaborate on united space development
- Collaborate on replenishing Earth

HOW DO YOU INSPIRE FORGIVENESS AND RECONCILIATION?

- Facilitate awareness and assist in team building
- Develop templates for creating new ceremonies
- Assist in recording and sharing ceremonies
- Develop templates for use of technology
- Shift focus onto friendly collaboration
- Identify common needs, values and wants
- Supplement transition using art and music
- Develop games and films to mitigate relapses
- Maintain a living web of needs, values and wants

DO YOU WANT TO CURE ILLNESS AND SOLVE OVERPOPULATION?

- DNA sequence all plants and organisms
- DNA sequence all human microbiome
- Custom health care to DNA and lifestyle
- Decentralized A.i. in-home auto farm
- Prioritise wellness & lifelong learning
- Prioritise healthy nutrition & minerals
- Interactive guides to better living
- Eco-positive cities around the world
- Moon, Mars and off world colonies

DOES ENDING AGE RELATED DISEASES AND DEATH EXCITE YOU?

- Cure 7+ methods of cellular degeneration
- Provide nutritional and fitness training
- Free minds of tyranny of debt & scarcity
- Make lifelong learning and travel easier
- Easier to have purpose and follow dreams
- Believe in immortality then explore it
- Deepen AuraOi via years duplicating mind
- Develop atomically precise manufacturing
- Complete Cellular Atlas and then improve

IS AN OPT-IN "INTERNET OF GOOD" A WORTHWHILE GOAL?

- Common sense participatory governance
- Simulations in multiple virtual realities
- 5G+ interconnectivity for internet of things
- Sentiment analysis algorithms annotate internet
- Common values, emotion & body language engine
- Personalized and adjustable internet connection
- Facilitate quantum superpositioning of mind
- Replace wi-fi with li-fi where possible
